

## Food Training

IL Certified Food Protection Managers (CFPM) of Category 1 (high risk) \*restaurants\* shall undergo accredited Allergen Awareness training within 30 days of being hired, with recertification required every three years. Also, at least one (CFPM) manager who has received the allergen training shall be on site at all times while the restaurant is open.

Category 2 (medium risk) establishments shall maintain a Person in Charge (PIC) that is on duty at all times. That PIC is also required to be a Certified Food Protection Manager (CFPM).
